Dear Dr. Hong:

I am pleased to express support for the Huong Viet Performing Arts Group. I applaud the talent, energy, and mission of your very worthy arts organization.

The upcoming August performance of "Vietnam, Essence of Yesteryear 10" will offer a valuable taste of Vietnamese culture to Washington State.

Thank you for sharing your music and creativity through your upcoming performances, as well as hosting the Vietnamese Dan Tranh Conference. Such sharing of music and art creates a powerful opportunity to build bridges between cultures through mutual experience. Your performances generously offer more than music; they are greatly appreciated acts of nurturing, understanding and peace.

Respectfully,
