August 4, 2018

I want to send my warmest and deepest congratulations to the Huong Viet Performing Arts Group for yet another production of the “Vietnam, Essence of Yesteryear ” performance.

Each and every year, the group’s performance helps to preserve and promote the diversity and cultural awareness of our great state. In so doing, the group is also building a strong bridge of understanding and friendship with the Vietnamese-American people and culture.

I applaud the group’s commitment to promoting this cause and we are fortunate to have you in the community.

I want to congratulate all the organizers and performers who serve as the pillars for all of the group’s great accomplishments. I wish you all the best!

Sincerely,

A handwritten signature in black ink that reads "Bob Hasegawa".
