

Greeting from Representative June Robinson

May 4, 2018

I am pleased to extend a warm greeting to all those attending the concert "Vietnam, Essence of Yesteryear 10", presented by the Huong Viet Performing Arts Group.

The Huong Viet Performing Arts Group has performed at many Washington State cultural events such as Folk-life Festival, Winter World Festival, Washington State Parks & Recreation Commission, and Seattle Tet Festival. The group also performed overseas in Sydney and Melbourne Australia, Vietnam, Canada and Paris France, representing the voice of traditional Vietnamese arts in our region. On February 22, 2018, they were honored to be invited to perform at the White House in Washington DC for the Lunar New Year Festival.

Washington State possesses a unique and beautiful diversity. The Huong Viet Performing Arts Group enhances that quality and sets an outstanding example of education through the arts and a distinguished level of excellence. I am confident this performance will be both compelling and appreciated by the audience.

Please accept my best wishes for a memorable performance.

Warm Regards,

A handwritten signature in cursive script that reads "June Robinson".

Representative June Robinson
38th Legislative District
